protection, had to order all the liquor to be thrown overheard.

Admiral Mello made a mistake when h lagship, the Aquidaban. It is very questionable whether he would have had the trouble of fighting to capture her. But, after the Brazilian fashion, the rebel leader seems to have salled out of Rio line, as proposed, will be a riverside only to sail back again. He is now in the harbor once more, playing at war, and it is difficult to predict what will become of the Nictheroy.

# THE CONGRESSIONAL FLECTIONS.

There should be no doubt about the dection of William L. Brown and Isidor cerned, it seems to be a case of rank Straus for Congress. It is very desirable that the Democratic Administration should be backed up by the New York Representatives, and both the candidates mystery is yet to come. The principal in are men of high reputation for integrity he case is going on the lecture plat- of good capacity and earnest friends of sound Democratic policy.

Moreover, both are independent in om Newtown Creek was strong enough tion is in accord with the principles uptheir political views, and their nominaheld at the ballot-box last November There is nothing of a machine character about their nominations, and they were for honest politics in Kings County. It made candidates in response to the voice of the people and not by any boss dictation.

New York should have Representatives If the jurors in the Vaillant case have of high character at Washington, and time when Andrew Jackson, John allowed Anarchist threats to scare them the election of Col. Brown and Mr. Straus ought not only to be assured, but ought to be secured by increased ma-

# A TITLE IN A HOLE.

Workmen are digging in the corner of St. Louis saloon for a missing title. We have heard of fortunes sunk in saons and thousands spent in them for the coloring of a nose, but this is Postmaster Dayton is again consulting first time we have heard of a title being swallowed up in one.

The owner of this title didn't swallow It is a large subject and has not received it, though; neither did he convert it into the high official attention it has deswallowable stuff; he put it in a box and buried it, and went to work behind the bar preparing people for burial by serving out jags to them in cheerfu

He was a Russian nobleman, at least that is what he told his wife while he Blade. reached this country and saw so many men without guies or bran d'ors getting New York's hopes for real rapid along so splendidly, and living in mintransit still rest on the chance of the lature palaces, he must have become ashamed of his title, and, waiting until the saloon closed one night and darkness shielded him, he wrapped it in a soiled apron, put it in a box, and going into the cellar gave it a quiet and decent burial. Roth, who fired those four shots at the such as Eir John Moore gets in the

Miss Kate Sanborn says of the programmes at women's clubs: "The papers are usually too long-winded and too labored. They are exhaustive, usually going back to the beginning of the world to Dr. Dio Lewis used to strongly con demn the free use of tomatoes. He firmly their voices are all pitched in a high believed that they caused bleeding of the gums and loosening of the teeth, as well able. With regard to washing, it is as irritation of the intestinal canal. He generally sent out, unless a number of 22 admitted that, as tomatoes have a speci- servants are kept. The ironing, how-

of a very fine quality, and so faint as to be the mere suggestion of a perfume, is generally pleasant. Rose, musk and the other stronger scents give many an unpleasant sensation of faintness even nausea, and are always open to the disagreeable suspicion of being used for counteracting purposes. After all, as Henry Ward Beecher said: "There is decorated with sable or mink for no smell so universally pleasing as no smell," and absolute daintiness of perpure lace has the same treatment, which son attracts far more than any perfumery can do.
